

## Alternative News Sources

Alternative news sources have grown over the past several years where they have now surpassed the mainstream media in viewership. The 2024 election exposed the lies coming from the mainstream media and the American people are now going elsewhere for their news.

The websites below offer news, commentary and analysis of major issues impacting our culture. Those marked with an asterisk (\*) may be of particular interest. Many of the website principals are guests on the “Warroom” which may be found on Pluto TV, making it a “go to” program for national and international news.

To access Pluto TV ([www.Pluto.tv](http://www.Pluto.tv)), a free website, click on “News & Opinion”, then “Real America’s Voice”. The “Warroom” begins at 10:00am Monday through Saturday. Other programs include but are not limited to Newsmax2, Blaze Live, OAN Plus and The First.
